### Made for You

We love collaborating with couples to make their weddings beautiful and unique. Our *Made For You* service includes custom-designed flowers for ceremony and reception, as well as set-up and delivery. Bridal bouquets, bridesmaids' bouquets, boutonnieres, corsages, centerpieces, altar arrangements and more, all made with flowers grown right on our farm and designed with your personal style and theme in mind.

### A la Carte

For this option, we'll custom design your personal flowers such as bouquets and boutonnieres, while you use our fresh-cut *Flowers by the Bucket* to create beautiful, seasonal centerpieces or other arrangements. These flowers may be picked up at the farm the day before or the day of your event.

### Flowers by the Bucket

Aster B. can provide gorgeous, local, fresh-cut, farm-grown *Flowers by the Bucket* for making your own arrangements or bouquets, adding a personal touch to your wedding or event. Each bucket contains seasonal flowers (both focal flowers and accent flowers) plus greenery – all the elements you need for beautiful arrangements! We always try our best to accommodate desired colors and varieties, but we are unable to guarantee them – an open mind is essential when choosing our *Flowers by the Bucket* option. Buckets may be picked up at the farm one or two days before your event. The price for this option starts at \$85/bucket.

## Kind Words

"The flowers were perfect. I had no idea where to even start and you were so patient and helpful. I wasn't able to give you much direction, but I'm glad I didn't and trusted your vision because I never could have come up with something like that! I loved how unique my bouquet was and have received so many compliments. All the flowers we got from you fit our style so well and really added to the loveliness of the day."

*- Emily, bride*

"Seeing all the arrangements on the tables was truly magical...the colors...the textures...so beautiful. Your sensitivity to the flowers and artistry made the display a true work of art. People were raving about the beauty and uniqueness of the arrangements."

*- Marion, mother of the bride*

"The rehearsal dinner flowers were beautiful! Just as I had imagined and perfect for that setting. The wedding flowers were fantastic. They transformed that room! I loved the bridal bouquet and the girls' bouquets. You and your staff's talents are amazing! We enjoyed working with you, and your farm is awesome!"

*-Leigh, mother of the groom*

"We are so pleased with how the wedding flowers turned out! The textures were varied and very delicate – quite distinctive. Thank you for being a part of our special day! It was fun to see how some of our conversations on the phone, our visit to your farm, and the walk around your garden showed up in the bouquets and arrangements."

*-Susan, bride*
